# G'Day from WA....

## Bonnie Evans, Canadian RN working in Perth, Western Australia

G'Day Mate! Well I can't say I have used that saying too much! I can't believe I arrived almost a year ago to work as a Mental Health Nurse in Perth. The preparations to come here are almost a blur. I have always loved travelling and wanted to escape another Canadian winter, so I thought working abroad for a year would be a good idea. Once I decided I wanted to go to Australia, I contacted HealthStaff Recruitment. Thank you again Jonelle for your guidance, help and patience.

My goal was to see another part of the world and work in a multicultural environment. I managed to get both. I have worked with some lovely people from Australia and around the world. I have been around great parts of Western Australia and hope to see more of the country before I go. Australia is a beautiful country. I am amazed by the wildlife. I screamed when I saw a snake for the first time, out on a walk, luckily it was dead! Check out this picture of me at a bird sanctuary in Margaret River. I think his name was Joe and he rested on my shoulder the whole visit.

I have many good memories and experiences to take with me back home.

• **Welkom to Marijke van der Tuin, from the Netherlands, who has been travelling around Australia and is now working at HealthStaff Recruitment and training as a research and marketing consultant.**

# A great night had by all

On Thursday the 29th March HealthStaff Recruitment held our Sydney Social Evening at the Light Brigade Cocktail Bar and Lounge at Oxford Street, Woollahra. Thirty lucky nurses came to this event and a great time was had by all, including Desiree Nahoum, one of our Sydney Meet and Greet Relocators, and myself. Besides the superb food and delicious drinks, lots of stories were swapped about their work and travel experiences and people reminisced about home. Home being Canada, USA, United Kingdom, New Zealand and Denmark. Lots of new friends were made and the consensus was that "Sydney is the place to be!"

Thank you to all the nurses that made it, I enjoyed meeting every one of you. I hope even more of you can make it next time!

# February UK Recruitment Visit

In February I had the opportunity to visit the UK and together with Janice Hay conducted interviews for positions in Victorian, New South Wales, Queensland, Western Australian and South Australian Hospitals. Over the 8 days we interviewed 60 nurses from the UK in London, Birmingham and Manchester at the Regus Business Centres from February 19th to the 28th. We were extremely impressed by the high quality of clinical expertise, experience and enthusiasm of the nurses who were interviewed. We conducted information seminars each day and handed out useful information sheets. Already, many of the nurses have successfully obtained positions in hospitals.

If you missed out on these interviews, please give one of our consultants a call and we can let you know when we will next be in the UK, or we can organise a date for a telephone interview. Thanks to all of you who attended the interviews, it was great to meet you, and we look forward to seeing you again soon! **We are coming in April/May to conduct interviews!**

Take care,

Hannah Jones
